- 8 Advances of less than Rs 5 lakks for any scheme or group of will not normally be made from the Fund, as being excluded b

laid down in Rule 2 (a) of the Local Government (Borrowing) Rules, which requires that the proposed expenditure shall be so large that it cannot reasonably be met from current revenues. The rules governing the grouping of individual works for the purpose of this paragraph shall be the same as the rules which govern the grouping of works in order to determine the authority which is competent to sanction the total expenditure.

The limit of Rs. 5 lakhs, however, will not apply to capital expenditure (a) on productive works or (b) in a commercial department which is working at such a profit as to fulfil the test of productivity imposed by the Secretary of State or (c) on commercial undertakings whose accounts are maintained on a commercial basis.

- 9. No advances will be made out of the Fund to any Provincial Governments which do not provide annually out of their ordinary revenues sums sufficient to redeem within a period not exceeding 80 years from the date when they were originally borrowed any loans or advances which they may from time to time obtain or have obtained from any source other than the Fund. This condition, however, will not apply to the pre-Reform irrigation debt referred to in paragraph 12.
- 10. The standard rate of interest charged by the Fund on new advances will be so calculated, after taking into account the repayments due to the Fund on already existing advances, as to maintain the solvency of the Fund.
- 11. The standard rate of interest will be charged by the Fund to the Provinces on all advances required for capital expenditure which can be classed as productive under the rules on the subject approved by the Secretary of State and for making advances to cultivators and to co-operative societies and loans to local bodies. For all other advances, the rate will be \(\frac{1}{4}\) per cent. above the standard rate.
- 12. All new advances made from the Fund and also all advances outstanding at present other than the debt relating to irrigation works constructed before the Reforms, the liability for which was transferred to Provincial Governments under the Reforms Scheme, will be subject to eventual repayment. It will be for the Government of India in the Finance Department to determine whether in any particular case repayment shall be by equated instalments of principal and interest or otherwise, and whether due instalments may be postponed or other exceptional arrangements made without threatening the solvency of the Fund.
- 13. The Government of India in the Finance Department will maintain a schedule specifying the term of years appropriate to the repayment of advances required for various purposes and will communicate to all the Provinces any additions to or modifications of that schedule at the time when they are made (See Annexure II below).
- 14. In the event of its being necessary to write off any part of an advance as irrecoverable, the loss shall not fall on the Fund but shall be made the occasion of a special Demand Grant to be submitted to the Assembly.

16 The Government of India retain full power to refuse or suspend advances to the Fund and to modify the constitution of the Fund in any way, if the financial position of India makes it imperative that this should be done

16 The existing rights of the Provinces to borrow otherwise than in the form of advances from the Government of India will not be impaired

(Schedule specified in paragraph 13 of the Resolution)

Maximum number of years within which advances from the Fund should be repaid -

23.—AUDIT	Auditor General. (127-B) Indian Audit and Accounts Service.	

⁽¹²²⁾ Where such an officer exists in any province, the pay and allowances of the Inspector General and the cost of any combined establishment are taken to this head, but where separate establishments are employed on the different services they are shown under the respective major heads.

Loss or Gain by Exchange.

⁽¹²³⁾ Records the cost of the audit of Local Fund Accounts. The cost of the audit of the accounts (other than Local Fund Accounts) covered by Rule 12 of the Auditor General's Rules is included under "23.—Audit."

⁽¹²⁴⁾ When additional Commissioners are employed only on judicial work, their pay and all other charges should be taken under "24—Administration of Justice—Civil and Sessions Judges".

⁽¹²⁵⁾ In determining the precise charges on account of district administration which should be debited under this head, the general principle should be that any part of such charges which is definitely expended upon work connected with a single major head should be taken as a charge against that major head, while the rest of the charges spent upon work connected with more than one major head should be taken to this head.

⁽¹²⁶⁾ Charges on account of Treasury should be recorded under a separate sub-head. Charges for acquiring old and foreign coins under the Indian Treasure Trove Act should be treated as contingent charges of the Treasury.

⁽¹²⁷⁾ The allocation of the discretionary grants should be determined by the criterion as to who is the granter and not by the purpose for which the grants are made. Thus the grants made by the Governor, Commissioner or the Deputy Commissioner should be classified under this minor head. Similar grants, if any, made by other authorities should be recorded under the appropriate service head concerned and any expenditure which cannot be so recorded may be classified under "47—Miscellaneous—Miscellaneous and unforeseen charges".

⁽¹²⁷⁻A; Payments on account of passage money from India to the United Kingdom of selected candidates for the Indian Civil Service are charged to this head.

⁽¹²⁷⁻B) The cost of the officers of the Indian Audit and Accounts Service serving in the office of the Auditor General and in Civil offices of Account and Audit will be shown under the minor head "Indian Audit and Accounts Service" and not under the minor heads "Auditor General" or "Civil offices of Account and Audit".

Memorandum explaining how the existing orders in the several articles in the Civil Service Regulations have been dealt with in the instructions issued by the Auditor General under Fundamental Rule 74.

I. Paragraph I.—This includes the provisions contained at present in clauses (a) and (d) of Article 841 of the Civil Service Regulations. Under the existing system of audit it is necessary that the Audit Officer should certify the admissibility of the leave before it is sanctioned. The provision has, therefore, been retained as an instruction of the Auditor General.

2. Paragraph 2.—This order is not based on any rule at present included in the Civil Account Code or the Civil Service Regulations. A similar rule is, however, included in some departmental codes (e.g., paragraph 109, Public Works Department Code), and is followed in practice in all civil offices. Only leave which is admissible can be sanctioned and the admissibility of the leave can be verified only by a reference to the leave account. It is considered that an explicit rule to this effect should be contained in the authorised instructions.

3. Paragraph 3.—This provides for the orders in the note under Rule I below clause (i) of Article 314, Civil Bervice Regulations.

4. Paragraph 4, clause (a).—The provision in this clause is intended to replace the orders contained in Articles 855.A and 856, Civil Service Regulations. The orders as they stand are very complicated and prescribe different sets of procedure for different kinds of officers. It would be sufficient if all the applications are required to be sent to the Civil Audit Officer who will, when necessary, consult the Military Audit Officers. Clause (b) provides for the orders contained at present in Articles 856 (c), 860, the Note under for the orders contained at present in Articles 856 (c), 860, the Note under S71 and 875. As the Civil Audit Officer has to consult the Military Controller som obtain the certificate at the same time.

5. Paragraph 5.—This reproduces the portion of the orders in Article 780 Civil Service Regulations, which is essential for purposes of audit.

6. Paragraph 6.—Article 865 prescribes the locality in which the leavesalary of a non-gazetted Government servant should be drawn and the conditions which should be observed before it can be paid. Orders regarding locality cannot be issued as part of audit requirements and so paragraph 6 only prescribes the other conditions contained in Article 865. The general orders framed by the Governor General in Council under rule 16 of the Devoducion Rules include a provision to the effect that the leave-salary of a non-gazetted Government servant paid in India should be drawn only in that district in which his pay could be drawn if he were on duty.

7. Paragraph Y.—This reproduces that portion of the orders in Article 874 which relates to payment of leave-salary in India. The term " office of payment" has been substituted for " treasury" so that the rule may be applied even in the case of those departments which make their own payments, e.g., by cheques.

8. Paragraph 8.—This reproduces the orders in Article 878, except that the provision that a certificate is necessary only when the Government servant proceeds from one place to another has been cancelled because an authority from the Audit Officer specifying the leave-salary permissible is necessary

These orders apply to the case of Government servants who proceed on leave to which no privilege leave is prefixed. When the Government servant goes on privilege leave or on combined leave, he is allowed to draw his allowances in England from the commencement of such leave. In future it would be simpler to have the leave-salary due from the commencement of the leave paid in England, if the Government servant so chooses, in all cases, subject to the conditions in Fundamental Rule 91. This rule accordingly provides that the Covernment servant should be paid up to the date of his relief.

Exception 1.—In the case of Customs Revenue, (a) mistakes in assessments which are discovered too late to permit of a supplementary claim being made and (b) under-assessments which are due to the interpretation of the law by the local Customs authority being overruled by higher authority more than three months after the assessment was made need not be reported to the Audit Officer. Such cases should, however, be examined by the Audit Officer at the time of authority.

Exception 2.—Petty cases, that is, cases involving losses not exceeding Rs. 200 each, need not be reported to the Accountant General unless there are, in any case, important features which merit detailed investigation and consideration.

Note 1.—Losses or deficiencies concerning buildings, lands, stores and equipment should be written off any value or commercial account that may be maintained.

Nore 2.—In the case of departments where accounts have been separated from audit, a special procedure for report of losses to Accounts and Audit officers may be prescribed by departmental authority after consultation with the Auditor General.

III, Heads of departments should submit annually to the Principal Auditors concerned statements showing the extra-statutory remissions of revenue and abandonments of claims to revenue sanctioned during the preceding year. For inclusion in these statements, remissions and abandonments

Nore.—All important cases of remissions and abandonments of calaims to revenue in the Railways and Indian Posts and Telegraphs Departments above a certain fairly bigh momentry limit to be fixed by administrative authority should be mentioned individually in the report on Appropriation Accounts.

SECTION III. -- AUDIT PROCEDURE.

The submission of the returns mentioned in Rule III of Section I of these rules does not in itself connote any extension of the powers of the Audit Department for the audit of receipts. The Accountant General will not audit the exercise of the power of sanctioning writes-off by various authorities as indicated in the returns without a specific order under Rule 12 of the Auditor Generals Rules.
